

Fellowship Application 2023

Annual theme: Synchronization and Synchronicity

Fellowship applications must be submitted to the Einstein Center Chronoi (EC-C) as a PDF file by **28 February 2022** to fellowship-applications@chronoi.org. Please see the **“Fellowship Guidelines and Regulations” on page 7** for information on the fellowship and filling out the form.

To ensure the text inputs are formatted correctly and submissions are readable, **this form should only be filled out electronically with an official Adobe Acrobat PDF reader**. Please note that text inputs which exceed the area provided in corresponding text boxes will not be visible to the evaluators.

General Information

Name of the fellowship applicant:

Institution and contact information of fellowship applicant:

Research project title:

Research project abstract (max. 100 words):

Professional Information

Abbreviated reverse-chronological CV, listing the academic history and professional experience of the fellowship applicant:

List of research interests:

Abbreviated list of fellowship applicant's most significant publications and/or publications related to the EC-C's research agenda "Time and Time Awareness in the Ancient World" (max. 5):

Fellowship applicant's academic/professional website:

Project Information

Desired time frame of fellowship within 2023 (max. 12 months; please indicate if the fellowship would extend into 2024):

Short project description which clearly states the relevance to the EC-C's research agenda and annual topic "Synchronization and Synchronicity" (max. 500 words):

Project Information continued

Fellowship applicants should demonstrate that their projects are laid out for the time of the fellowship and that they will be able to show some (preliminary) results from their research conducted during their time at the EC-C. Please describe the planned result outcomes of the project, whether the time frame of the fellowship is realistic to obtain these results, and how the results would be relevant to the EC-C research agenda and annual theme "Synchronization and Synchronicity" (max. 300 words):

Amount requested (*The standard fellowship stipend is 3,500.00 Euro/month. If your projected expenses deviate from this number, please state the requested amount in Euros and your reasoning*):

Tandem Partner*

**Please refer to point 3 in the Fellowship Regulations and Guidelines (page 7) for details.*

Name of tandem partner in Berlin:

Institution and contact information of tandem partner:

The tandem partner already been contacted:

Yes

No

Short description of planned partnership between fellowship applicant and tandem partner (max. 300 words):

END OF APPLICATION

Internal Assessment

Evaluation by the EC-C Executive and Advisory Boards:

A large, empty rectangular box with a thin black border, intended for the evaluation by the EC-C Executive and Advisory Boards. The box is currently blank.

Fellowship Regulations and Guidelines

Einstein Center Chronoi yearly appoints fellows that represent a broad spectrum of academic backgrounds and qualifications. Fellows from different disciplines and academic cultures are invited to Berlin for a period up to 12 months. They will work on a project related to time and the annual theme "Synchronization and Synchronicity" and will participate in a dynamic dialogue on time that combines disciplinary, interdisciplinary and transdisciplinary research. Applicants should consider the following points:

- 1 Applicants should have a strong research focus on the ancient world, the topic of time, and the annual theme "Synchronization and Synchronicity", demonstrated in previous research and publications.
- 2 Scholars working and publishing in any language are encouraged to apply. However, due to the international character of the EC-C, the application form should be filled out in English.
- 3 Applicants are encouraged to work with a tandem partner in the Berlin area. Tandem partners are senior scholars who will serve as collaborating partners within the framework of the applicant's proposed research at the EC-C. If no concrete tandem-partnership can be established, you may indicate this on the form and assistance can be provided in locating a tandem partner if your application is successful.
- 4 Applications from early career researchers are welcome. A doctorate is required.
- 5 The duration of a fellowship can be between 1 and 12 months within the calendar year 2023. It is possible for fellowships to extend into the year 2024 (however, within the 12-month limit).
- 6 The general rule is that fellows receive a stipend of 3500,00 Euro per month.
- 7 After the application deadline has passed, the EC-C Executive Board will begin their review and selection process. Their decision will be based on:
 - the quality of the applicants and their proposed projects;
 - the relevance of the research projects for the EC-C and its research program;
 - the diversity of the applicants and their research projects;
 - the availability of funding.
- 8 The selection of fellows made by the EC-C Executive Board will be sent to the EC-C Academic Advisory Board for evaluation.
- 9 After the final approval of the fellowship selection has been established, the appointed fellows and their tandem partners will receive a notification letter. The official invitation of the fellow will be issued by the Freie Universität Berlin. The fellowship will be in accord with the regulations of the Freie Universität Berlin.

Obligations and Regulations of Fellows

- 1 to reside in Berlin for the duration of the fellowship;
- 2 to contribute to the EC-C research agenda with their research related to time in the ancient world;
- 3 to attend EC-C events and workshops, which are intended to facilitate a collaboration with other fellows and colleagues in the Berlin area;
- 5 to present their work in the form of a lecture during one of these EC-C events;
- 6 A digital (and if possible, hard) copy of all publications that resulted from or are related to your fellowship at the EC-C should be submitted to the EC-C so that it can be added to the body of publications. Fellows are invited to contribute to the Chronoi Bookseries *Chronoi: Time, Time Awareness, Time Management* published by De Gruyter.
